Coryell County Office of Emergency Management

Subject: Burn Ban and Critical Fire Danger

Coryell County is currently under a Burn Ban. The National Weather Service (NWS) has issued numerous fire danger warnings in the last 96 hours for our region and across the State of Texas. Thousands of acres are currently burning to our north in Eastland County. Please visit <https://public.tfswildfires.com/> for detailed locations of these wildfires.

Due to the extreme fire danger, we are asking residents to avoid burning of any kind, to include outdoor cooking, welding, and heavy equipment operations until conditions improve. The next chance of precipitation for our area is Monday, 21st of March.

Report fires as soon as possible by dialing 911.
